THE SITUATION IN SPAIN. The following is the concluding portion of the article by Mr John Foreman, F.R G.S., in the January number

of the Contemporary Review :---Notwithstanding all the outery about that sugar duties did not concern him. regeneration of the country and the many panaceas put forwardinumediately after the war by every leading politician, the government of Spain has lapsed into the old grooves, namely, a Silvela ministry (successors of Canavas del Castillo), alternating with a Sagasta at the parliamentary sittings is taken cabinet in office. General discontent prevails throughout the ream, and to dishonesty. Last month I witnessed a support the present dynasty, becoming | remarkable scene in the Chamber of amount of intrigue, bribery and wirepulling at the elections have to be held a small government employment, resorted to: for everybody knows that were it possible for the true will of the Cortes through the medium of a general election of deputies, the inevitable rerepublic. Since the Hourbon restoration (in 1875) the republicans have merely served as a check upon the encroachments of the clerical party, and only as the natural sequence of a grave crisis could the Pi Y Margail group ever find themselves

in power. Such a crisis, however. might happen any day on the demise of threadbare chance of succession, under any circumstances, was irretrievably son of Count Caserta of Naples. But a still more important movement is at this moment being contemplated by a brand new party, which has never before come to the front. The principal SILK EMBROIDERED BED COVERS, TABLE promoters of the scheme are a general whose name was on every one's lips-in America just before the war, a prominent deputy indirectly concerned in the Dupuy de Domo incident at Washington, and a general of division who, until a year ago, enjoyed the favour and confidence of the Queen Regent. With one of these I have been on intimate terms of friendship for many years. Their programme is a military pronun-

DON'T PAY THE PRICE OF PURE BER and not get it.

SCHLITZ BEER and common beer cost about the same.

Why should you not have the best?

Schlitz Beer costs twice the common kind to brew.

Why should you not have the benefit?

Schlitz Beer is pure and healthful; made of the costliest materials; brewed in absolute cleanliness; cooled in plate glass rooms; filtered, then sterilized after it is bottled and sealed.

Why pay the same for a beer that isn't?

Schlitz Beer is aged in refrigerating rooms for months before it is marketed. Does not ferment on your stomach like green beer or cause biliousness.

Why drink a beer that does?

There can be no impurity in clean beer; no microbes in sterilized beer; no headaches in aged beer. Schlitz beer has for 50 years been the standard of the world because of its healthfulness.

When you find this brand on the bottle you have the best beer money can buy.

· JOHN FOREMAN.

WAS IT A POISON SNAKE? Sometimes John Carrett would go from morning till night without bite or sup. This was three or four years age. Every morning he got up with a disagreeable, guawing pain in the stomach or abdomen—he couldn't quite locate it, but he felt it all the same. Still he kept on working. He meant to see a doctor but neglected it. So a year ron away. By then the complaint ha, got hold of him as a wild grape vine does of an old tree.

He was a man full, of pain as an unsunned, collar is of mored and crawling things. Often they kept hot flauncis on him for twelve hours before he got a bit of case; and for three weeks straight away he was in racking pain. At intervals it made the sweat run off him in

Then he went to bed, John did, and a doctor took him in hand, as a pilot does a ship when the navigation is growing ugly. 'My doctor,' Garrett says, 'was the best of men, but he didn't seem to know what ailed me.' Nor did the other medical man who followed him.
On this our poor brother's heart sank within him, as King David's did when he heard of the fate of Abralom. Having nothing to do except to think, he thought he would go to a London hospital and ask the learned men there what was the matter with bira. They said his right kidney was diseased and the left one affected. They feared they couldn't help him but would take him in fer a month if he cared to stay. He said he didn't care to stay, and went home

Dartford. Quite right. As a place to die in the hop country lests a hospital Then he to'd his home doctor what the Londen dectors lad said. The home doctor agreed with the London doctors and told him he would with disenses.

The end of Garret's story, writen by him at his home, 13, Wellington Brad, Dartford, Kent, January 7th, 1901, run this way : "I kept out of bed and moved about all I could. I turned up at the works sometimes, but from January 1900, to Easter I did not carn enough to keep myself. More than once they sent me home. . For three years I lingered along in this fashion when one Sunday I read in Lloyd's Newspaper about a stevedore who was handled Eke me and had been cured by Mother Seigel's Syrap; and without saying a word to anybody

Igot that medicine and began taking it.

The first bettle pricked up my appetite and I actually felt hungry -a strange sensation for me. I slept better. The pain was not so sharp and the kidney secretion was clearer and of a better colour. The second bottle did me more good still, and after the third I felt like a king, I mean a healthy and happy king, if there is such

. To-day I feel as well as I ever I did. Saturday last I felt a bit out of sorts, from indigestion probably, and took a dose of Seigel's Syrup; and to day I am right as rain. You may publish my tale. -John Garrett. Did this man have Bright's disease? You

have heard what the doctors said. Let us leave the point to them. Whether the snake that bit us was a potton son snake or not is of no nuportance after we have got rid of the effects of the Life. Anyhow, whatever Garrett had, Mother Beigel's Syrup cured him; and the

ANOTHER WEST RIVER AFFAIR.

Ten Pirates Captured.

News was brought to the Colony this morning by the steamer Lung Kinng that, on the previous morning, between six and seven o'clock, the steamer Tring King, from Hongkong; arrived at Kong Mun, on the West River, with a large number of Chinose passengers on board, including a number of wealthy Chinamen just returned from America by the last American Mail steamer. She discharged her passengers, in the usual way, into native passage bonts to be towed to their respective destinations by the steam launch Sun On. The custom is for the compradore to give each passenger a ticket before leaving the steamor, and this ticket is checked when they go on board the passage boat. It was found that ten mon had got on board one passage boat minus the necessary ticket, and, without parley, a Customs Officer was sent for. Mr Smith, one of the two Customs Officers stationed at Kongmun, arrived on the scene, and proceeded to search one of the men. A struggle ensued. and Mr Smith knocked the man down and relieved him of a revolver, which was found to be leaded in every chamber. Meantime a guardboat had been summoned alongside. and the ton men were made prisoners. Five of them had fully loaded Belgian revolvers on their persons when caught, and the others succeeded in throwing their wenpons into the stream. This was clearly a case of premeditated piracy—the best that has been averted for some timeand Mr Smith and the others concerned in the capture are to be congratulated on their prompt action. The Tung King is one of a number of boats registered in Hongkong, which fly a Chinese flag called the West River flag. There were no Europeans on board, the master and crow being Chinese.

THE WATER SUPPLY.

Mr Osborne Makes a Suggestion.

At the Sanitary Board meeting yesterday afternoon, Mr E. Osborne said-I should like, if I am in order, to ask the Director of Public Works if he will kindly state for the information of the Board whether any steps are likely to be taken for supplying water as was done some years ago when we had a similar drought and when lighters were employed in bringing water from the Canton River, I do not know, that this matter pltogether concorns the Sanitary Board, but it concerns us a great deal. I think we should not allow this inceting to pass without saying something on the subject and endeavouring as far as possible to meet this drought, I believe that good water can be obtained on the other side and brought over here and distributed along the Praya-sold, if need be. I have been told of one instance of Chinese down in the East Point direct tion not being able to get water at all from the hydranis, and to-day I am told by a Partuguese on the Caine Road level that native customs immediately to the Imperial | there also they cannot get water without fighting for it at the hydrants, and that they would gladly send their coolies down to the Praya and pay say 5 cents a bucket -they are now paying 10-if the Government would supply it I think that if the Director of Public Works can give us any information on the point, it might be as

PLAGUE PRECAUTIONS.

Proposed Inoculation of Europeans.

sent out here by the Colonial office, has prepared a memorandum containing certain facts concerning plague and giving instruc- him. tions, in popular form, regarding certain precautions.

In this connection, the President (Dr J "M. Atkinson) said at Thursday's meeting : anti-plague serum has arrived in the after the serum has been inoculated is of a milder nature : and it occurred to me that there are many Europeans in Hongkong who might with advantage be inoculated, and that as speedily as possible. I refer more especially those who have to live in Chinese houses and those who have to Give, if not Chinese houses, at least in European houses which are in proximity to Chinese houses. I would advise all such to be incomiated. It occurred to me that theil Chinese New Year holidays would be a very suitable time for this to be done. It necessary to explain that there is usually fever and discomfort for from 24 to 72 hours, but this is not quite so much as usually occurs in an ordinary case of vaccination. You will see in this memorandom that free inoculation will performed at the Government Civil. The days of mythological beliefs have This is an era of science—a matter-of-fact age, The darkness of ignorance and superstition is giving way to the penetrating light of modern science-the revelation of facts. Modern science has discovered that the best medicinal cod liver oil, in its analysis, may be separated into two distinct parts-one the clarified oil: the other, a mass of certain semi-solid substances, known as extractives. The oil is not materially different from other fixed oils and has little or no medicinal value. On the other hand, the extractives are peculiarly active, and the conclusion cannot be avoided that to the presence of these activo principles cod liver cil owes its reputation as a remedy. No other oil has such a reputation. No other oil has such constituents. The extractives hold the same relation to cod liver oil that quining sustains to crude einchona bark. They are the curative essence of cod liver oil. When Capt. Connell taken as they may be freed from the vile, unnecessary oil, their curative value is Miss Crockett greatly increased, for they are not hampered by the presence of the noxious fat. Upon this scientific fact.

Stearns' Wine of Cod Liver Oil is based. It represents all the curative Mr G. H. Edwards Mr E. Burns Pye properties of the best cod liver oil in a Mr & Mrs C. Georg Capt. & Mrs Simpson vinous preparation. It also contains the Mr W. Helms best form of iron, making it also an ideal Capt and Mrs F. H. Surplice iron topic. Wholesale from A. S. Watson Henderson, R.N. Mr Basil Taylor & Co., Ltd., Hongkong.
